## (Frontend Engineering Intern)

Phone. No: +91 9030604617 | Mail: naveen2014sai@gmail.com | LinkedIn: naveen-sai-4207242a4

### SUMMARY

Motivated and detail-oriented Computer Science student with hands-on experience in web development, Python programming, and cloud-based application deployment. Proven problem-solving and teamwork skills, seeking to contribute to innovative software projects in a dynamic organization.

### EDUCATION

|                                          |                     |
|------------------------------------------|---------------------|
| <b>SSC Education</b>                     | <b>March 2020</b>   |
| Good Shepherd E/M School , Tadipatri     | <b>CGP : 99.83%</b> |
| <b>Intermediate Education</b>            | <b>May 2022</b>     |
| Sir. C. V. Raman Jr College, Tadipatri   | <b>CGP : 66.3%</b>  |
| <b>Graduation</b>                        | <b>2022-2026</b>    |
| Tadipatri Engineering College, Tadipatri | B. Tech, CSE        |

### SKILLS

|                             |                        |                             |
|-----------------------------|------------------------|-----------------------------|
| Python Programming          | Problem Solving Skills | Time Management             |
| Java Programming            | Communication Skills   | Team Work                   |
| Web Application Development | Quick Learner          | Good Knowledge on MS Office |

### PROJECTS

- I successfully designed and developed a fundamental online bookstore model using HTML, creating a solid framework for a user-friendly and interactive e-commerce platform.
- I created a basic Python chatbot, delving into natural language processing and machine learning concepts for conversational interfaces.
- I built a web application that accurately finds the weather for a specific city utilizing HTML, CSS, and JavaScript.
- I contributed to a project focused on a mobile application that tracks the live location of a college bus by leveraging the mobile data and geolocation from the driver's smartphone.

### ACHIEVEMENTS

- Earned certification from Infosys Springboard in various courses.
- Successfully completed the MongoDB Node.js Developer Path with SmartBridge and received a participation certificate.
- Acquired participation certificates for presentations from my college, enhancing my communication skills.
- Engaged in a technical event at RGM Technological Institutions, gaining valuable experience.
- Received a participation certificate from NXT Wave for a Generative AI Model.

### HOBBIES

|                              |                                |                    |
|------------------------------|--------------------------------|--------------------|
| Engaging in New Technologies | Problem-solving puzzles        | Listening to songs |
| Creating Portraits           | Mind games / logic-based games |                    |

### EXTRA CURRICULAR ACTIVITIES

- Volunteered for technical events at college as well as in the National Service Scheme (NSS).
- Took part in a drawing competition.
